Interprofessional Learning (IPL) Student Sessions (April-June 2024)

Interprofessional practice is a foundation of working as a rural health professional. The weekly IPL sessions at WACRH include student and health professional-facilitated sessions where you will learn more about a range of health professional roles and gain insight into how you can work with other professions to improve patient/client care.

APRIL - JUNE 2024

- 16 April Using the virtues project in practice
- 23 April Sensory processing

Contact Us

If you have not received a calendar invitation please ask your WACRH contact or supervisor to forward it to you, call 9956 0200 or contact belinda.goodale@uwa.edu.au.

By attending these sessions, you will:

- Strengthen your own professional identity.
- Demonstrate increased confidence in working with other professions.

The aims of the sessions are for students to:

- Be able to explain your own professional role and scope of practice to others.
- Identify interprofessional opportunities in practice.
- Identify opportunities to collaborate with other disciplines.
